### **Run 2079 – Combined ANZAC Run @ King’s Park**

#### **Preamble:**

When your esteemed stand-in scribe arrived, the busses and trailers from the four clubs being represented on the night were already doing a brisk trade. It was good to see that there was a good crowd gathering for the run. At 6:20 the cry came out to form a circle to receive run directions. “The run is all on chalk and there is a drink stop. Diesel has the directions for the walkers” At this point Bullsbrook was ably represented by 8 members.

#### **The Run:**

The pack headed out as directed behind the Tennis Club, over to Fraser Avenue. It was at this point Blank came along (late as usual) to question if Boydwunder and I were on trail? This was the last we were to see of Blank until we got back to the bucket. From Fraser Ave, it was on to Bellevue Tce and then down Jacob’s ladder. It was at the bottom of the ladder that things got a bit confusing as there were arrows and “On Up” scrawled on the path. Boydwunder and I both agreed that something was amiss and checked out Mounts Bay Road in a southerly direction for a trail, to no avail. We then headed back in the opposite direction and found trail again on Spring St. From here it was uphill onto Mount St to find arrows pointing back the way we came. After 40 minutes, we made it back to the bucket, to find the Bully Hashmen who had started out on the walk standing around and cooking mash.

#### **The Rundown:**

A good circle and due to it being run by West Coast it was not the long winded never ending affair that is typical of anything Hamersley run.

All the GM’s were given a drink.

Concord and Blank were amongst those given a drink for being late.

Concord was upset that someone called him Blank. All present agreed that they almost look like identical twins and the charge was reversed. This resulted in the pair of Scot brothers declaiming their undying hatred for each other.

Hamersley requested that we recall Concord back to our ranks. I offered to swap Blank for Concord, but they were not sure if this was a fair exchange.

Numerous other charges we proffered and proved. None of which I can recall.
