Run No. 2112 – Orig. and his constant Companion.

Preamble:

A Pack of 24 assembled at Chez Orig. for this joint effort while Fitzall fielded a call from that perennial pest Diesel, "I am not an organiser", who obviously doubted Orig.'s ability to organise Mash and offered his advice on what needed to be done. Blank made sure that everyone knew that he had worn his Racing Singlet.

The Run:

The trail traversed familiar territory and the runners were soon out of sight. The Rotto. Revellers were a subdued lot and short-cut back to the bucket after about 20 minutes. The rest made the Drink Stop the other side of McDonald Reserve.

The Rundown:

The 2minute warning stretched to 6 as the GM was busy on his Ipad doing phuccnose what.

When he finally got his shit together he invited comments from the floor as to thoughts on the Run.

Viagra, full of goodwill to all, thought that it was well-marked and particularly enjoyed the Drink Stop. He scored it a 10.

Basil Brush sledged the Walkers and said that it was well set until the Drink Stop but lamented the lack of arrows thereafter. 6 scored.

Wanker concurred and offered a 7.358. The GM tallied all this and came up with 7.6.

POW:

This went to Unco who alleged called the GM Blank.

Charges:

Basil Brush charged three of the Mountain Bikers for failure to honour a promised lift, dehydration and no spectacles.

Bloo punished Fitzall for overlooking Orig.'s 1100th. Wanker got one for not wearing the Glasses. The GM had a go at Undies for not supporting invalids (aka Nostril who had a blister). This drew attention to Nostrils new shoes with the appropriate result.

Basil charged Viagra who seemed confused as to whether he was a Runner or a Walker. Reversed.

General Business:

The question of whether we were having a run on the 2nd January was raised with the upshot being an invitation to join West Coast.

Winners were Digit Doctor, Elvis, 3 more West Coasters and Diesel.
