Run No.2178 – Diesel’s Original Outing.

**Preamble:** We were 10 for this one as Woolies made a welcome appearance and Wanker came to say farewell. The Nuts and Bolts PRNs were popular as the troops trickled in. Alias arrived at 6.05, a fact worthy of a mention in the Guinness Book of Records, and promptly incurred the GM’s wrath by signing in top spot in The Book.

A Heads up for Blank who knows a lot about football (just ask him) but has never heard of John Wynne. This mere minnow played 290 games all up between 1966 and 1982.85 for West Perth (1966-69) and the rest for Norwood in the SANFL (1970-82).He played 12 State Games (WA 4, SA 8) and was a member of Norwood’s Team of the Century. Not surprising therefore that that our resident expert (now that Chainsaw has debunked) has never heard of him!

**The Run:** This was well-marked with a combination of streets, walkways and parks adding variety. Bloo was not enamoured with the length of some falsies but by and large, the Pack stayed together. The Drink Stop was well received. All up we were out for 50 minutes.

**The Rundown:** The Hares in Diesel and Orig. got a drink. Rooted said that it was a Good Run and gave it 8. Bloo reckoned it was Very Good and stuck with his trademark 7.Fitzall also felt that it was a good effort and scored it 7.5.The GM gave it 7.5.

**Charges et AL:** First into the Circle was Fitzall, not on a charge as it turned out but for a Thank You drink courtesy of the RA who was rapt to have been mentioned in the Rag albeit in not altogether glowing terms. At least he read the bloody thing for once. Bloo had a go at Wanker, the erstwhile Banker, for fronting without any Cash and seeking an IOU.Diesel got pinged for trying to take over the RA’s role.

**General Business:** It’s Bloo’s Birthday on Friday 5 April and he’s happy to buy anyone a beer (in Broome!).

**Song:** Wanker was invited to lead us off.

**Hareline:** Any queries speak to the OnSec.
